

Simon Jam

Simon is a bright guy, graduating at the top of his medical class on Ariel though he is eclipsed by his sister, River. He's devoted his life to saving River from the Alliance doctors who experimented on her, even though it has marooned him away from money, family, society, and his career, out in the black with a ship of criminals. Simon is currently courting Kaylee Frye, the ship's engineer.

Dragonlaird Gaming (www.dragonlairdgaming.com) is the imprint for the work of Jim Davenport, award-winning game designer and freelance writer. Jim has been gaming for over 25 years now and it has never lost its appeal. He has served as game master for many groups of friends for most of that time and the GM’s chair is where he feels at home. Even with other parts of life demanding their due attention, he finds time to run one or two Play-by-Post games and a live table game every other week.

He is also a writer and has been writing outside of gaming for nearing twenty years. From 1992 to 2000 he was publisher of *U.S. Scots*, an international magazine about Scottish-American culture. It was a quarterly publication which usually had an article of his in it along with freelance writers.

In 2005, he established Dragonlaird Gaming for the gaming-related work he has been doing. He’s been published numerous times in *Knights of the Dinner Table* magazine and is currently the resident movie columnist for that publication in writing *Gaming the Movies*. He has worked closely with *Margaret Weis Productions* on their *Serenity* and *Battlestar Galactica* lines as well as the core *Cortex Engine* rules system. He has also worked with Bards and Sages and John Four for Roleplayingtips.com.
